Washington, July 7 (ANI): Screenwriter-turned-comic book publisher Andrew Cosby and Johanna Stokes have bagged a deal to rewrite Walt Disney Pictures' 'First Ascent', a supernatural action adventure about an unseen beast in a mountain in Bhutan.

The plot revolves around a group of climbers, who are attacked by the beast while ascending the mountain.

According to reports, Jason Reed, Brigham Taylor, and Casey Wolfe are overseeing the project.

Earlier, there were speculations that the movie will be related to Disney's Animal Kingdom in Florida that features a roller coaster ride called 'Expedition Everest', which includes an encounter with a yeti.

But now Disney has clarified that the film has nothing to do with the ride, reports Hollywood Reporter.

Cosby is the creator of the TV series 'Eureka' and 'Haunting'. He is also known for writing an adaptation of 'Damn Nation' for Paramount Pictures and MTV Films, as well as 'Creature Tech' for New Regency. (ANI)
